Duo Bed is one of the bedding industry's most innovative products. It is a blended mix of specially cut wheat straw and soft pine wood shavings.

Relatively new to the market, Duo Bed has received a phenomenal response.

Why stockists choose Duo Bed

It drives volume. Duo Bed's unique mix of both straw and wood shavings gives it universal appeal and makes it an instant best seller.

Strong margins. Duo Bed's competitive pricing delivers excellent margins to stockists while still offering an economical solution for all sizes of livery.

Fast, efficient service. We employ a dedicated sales team who can deal instantly with your requests.

Consistency of supply. Our guaranteed supply of raw materials means we can fulfil all order requirements promptly and efficiently.

What our stockists say...

"The blend of straw and wood shavings gives the customer something extra and its competitive price encourages trial. The company is excellent to deal with – prompt, efficient and professional."

Bob Denney
Anden Farm Feeds

"We chose Duo Bed for our stables after trialling a number of different products. We found that Duo Bed was cleaner, more consistent and provided added warmth and comfort for our horses. We now use it across more than 100 stables and would strongly recommend it to anyone."

Kelly Thompson
Equine Manager
Myerscough College

Why customers prefer Duo Bed

The best of both. Duo Bed combines the warmth and comfort of straw with the added absorbency and cleanliness of wood shavings.

Economical. Its competitive pricing makes it a convenient and economical solution for all sizes of livery.

A unique blend. Quantities of straw and shavings have been carefully balanced to guarantee a consistent mix that doesn't separate after spreading.

Clean and consistent. Duo Bed is multi screened to control dust and remove unwanted particles leaving a consistent, clean and highly functional product.

Sure Flake

Sure Flake is made from soft whitewood pine, sourced from sustainable woodland.

It is a clean, absorbent and comfortable bedding for all horses.

Why stockists choose Sure Flake

Reliable quality. The soft whitewood pine is sourced from sustainable woodland and is multi screened to control dust and guarantee consistency.

Strong margins. Our competitive pricing delivers excellent margins to stockists while still offering an economical solution for all sizes of livery.

Fast, efficient service. We employ a dedicated sales team who can deal instantly with your requests.

Consistency of supply. Our guaranteed supply of premium pine means we can fulfil all order requirements promptly and efficiently.

What our stockists say...

"I have been stocking Sure Flake for many years. It's quality has never been questioned and the service from SSL is professional and efficient."

Janice Charnley MRSH
Broughton, Preston

"Our horses are valuable assets and therefore we cannot risk their well being with poor quality bedding. Sure Flake is consistently dust free which gives us great peace of mind."

Lancashire Constabulary
Mounted Branch

Why customers prefer Sure Flake

Absorbent and comfortable. We take great care to blend a mix of flake size to maximise bedding volume which in turn improves animal comfort and absorbency.

Clean and consistent. Sure Flake is multi screened to control dust and remove unwanted particles leaving a consistent, clean and highly functional product.

Affordable quality. Sure Flake service the top end of the market with a high quality, consistent product at an affordable price.

Sawdust Supplies Ltd

Duo Bed and Sure Flake are produced by Sawdust Supplies Limited, a family business owned and managed by Mark Knowles. The company began producing animal bedding more than 30 years ago from the family farm in Lancashire.

With all this experience SSL know what makes good bedding. This ensures you receive consistent supply, strong margins and superior service while your customers can be guaranteed a consistent, economical and quality product.
